

Blood In My Eyes

Atari Teenage Riot

It's a dangerous place
And you don't know how to behave

She killed her heart
She took his soul
I'ma surgeon of cunning (cutting?)
It all feels numb
When you can't wash off that smell
You really don't want to live
You really just want to (2x)

So much blood, so much blood (2x)
Too much blood, too much blood

Where'd you get your delusions from?
1 2 3 4
Where'd you get your delusions from? (2x)

Blood in my eyes, I get blood in my eyes
I get blood in my eyes
I get
Blood in my eyes, blood in my eyes
I get blood in my eyes, I get blood in my eyes
Reconstructive surgery
And can specify how old you want to be
Snake heads, snake heads, they're just snake heads
Because you just talk anyway!

When men stop mutilating their favorite girls
Then something scary has been let loose among us
But I feel like an explosion of (?)
Too much blood!

Where'd you get your delusions from? (2x)
Come on!
Where'd you get your delusions from?(2x)

Blood in my eyes, I get (2x)
Blood in my eyes, I got
Blood in my eyes, blood in my eyes (2x)
