

She counts on you
You fail her
She gives you
Last warning

She smiles at you
Eternal love
Born of man
Death from above

She's so proud
Greed is good
You're so proud
Greed, greed, greed, greed!

She's so proud
Greed is good
You're so proud
Greed, greed, greed, greed!

Welcome to the paradise
Open wide your arms
Welcome to the paradise
Open wide your arms

She counts on you
You fail her
She gives you
Last warning

She smiles at you
Eternal love
Born of man
Death from above

Burning money, burning flesh

Welcome to the paradise
Open wide your arms
Welcome to the paradise
Open wide your arms

Everyone smells like burning money
Everyone smells like burning money
Everyone smells like burning money
Everyone smells like burning flesh
