

# Call On Me

ATC

Call on me when you're alone  
baby if you need someone to love

if sometimes, things are hard for you  
if nothing goes right for you

don't you worry cause i'm on your side  
there's gonna be a way out everytime

if sometimes, you can see the light  
happiness is always so bright

don't you worry cause i'm on your side  
there's gonna be a way out everytime

call on me when you're alone  
baby if you need someone to love  
call me, love is a thing that you need  
so call on me, call on me

call on me when you're alone  
baby if you need someone to love  
call me, love is the answer you need  
so call on me, call on me

(if you need someone to love...to love... to love....)

if somewhere, there were better days  
their happy ever after again  
don't you worry cause i'm on your side  
there's gonna be a way out every time

call on me when you're alone  
baby if you need someone to love  
call me, love is a thing that you need  
so call on me, call on me

call on me when you're alone  
baby if you need someone to love  
call me, love is the answer you need  
so call on me, call on me

(oh baby call on me....call on me... call on me....)

call on me when you're alone  
baby if you need someone to love

call on me when you're alone  
baby if you need someone to love  
call me, love is the thing that you need  
so call on me, call on me

call on me when you're alone  
baby if you need someone to love  
call me, love is the answer you need  
so call on me, call on me

call on me when you're alone  
(ooh baby call on me!)  
call on me when you're alone  
baby, love is a thing that you need  
so call on me, call on me.....
