

# Let Me Come and Let Me Go

ATC

If want me to knock you up  
Show what I'm about  
Then hear what I am saying  
I know that you've been here before  
you say that you know the score  
but that's not how I'm thinking

Freedom is what I'm for my  
And love is the sun  
You won't see me begging on my knees  
But your still the one

R: Let me come and let me go  
Cause I want you to know  
That I will never leave you  
If you never let me down  
I'll always be around  
Let me come and let me go

Take me further inside the door  
Make me give you more  
Got to learn to play me  
And you can cover up my eyes  
And God I'm not surprised  
that's not the way to tame me

Freedom is what I'm for my  
And love is the sun  
You won't see me begging on my knees  
But your still the one

R: (2x)

You won't see me begging on my knees
