La vida loca engraved in my body  
Born crooked, get it?  
Everything in the world is boring  
I'll ruin it all, hope everyone enjoys it  
Start by turning up the volume, fire, this choir of troublemakers  
Turning your empire upside down  
No tolerance for blocking the stars at anytime  
Open up the ball of chaos

Who is gonna play?

It's already been five years since the main stream  
As time has passed, heavy beliefs have changed in reverse  
A life that feels like a place you can't return to, can't return to  
When will my emergency status disappear?  
Play as much as you want, smile with open mouth, I don't know myself either,  
stranger  
Broken door, lock, come in and lie down, it's a reckless trance  
No time, no next, take out the knife and cut it  
Drink up, one more, drink up

Who is gonna play?  
Who is gonna play?  
Who has got my back?  
Who has got my back? Shh

Don't stop, tonight is ours  
Fill the whole world with the sound of our cheers  
Yeah, one more, don't rest anymore, quickly go on  
Yeah, one ball more, roll it mercilessly (Whole world)  
A wish I've fervently desired from the beginning of the explosion  
To see the light I've longed for  
Drink up, one more, drink up, get more

Drink up, one more, drink up, get more (Ooh)  
Drink up, one more, I go all out (I go all out)
