

Enough

ATEEZ

I remember standing by the ocean
Watching all the waves just rollin' on
I remember shadows growing darker, yeah
Then the morning broke with a brighter sun, yeah

Sometimes, you gotta move forward
Just take it step by step
And then you'll notice
You've found your place (God, damn)

Hold on to your ground
Doesn't matter how
They don't even care
So then, why should you? (Woah, oh)
Don't stop believing how you got here
Hold on to that feelin'
Gonna make it far enough
(Gonna make it far enough)

Duryeoumi manaseo neomeojil deuthan
Sungando nareul mitji mothae sumgigie geupae

Even when the world pushes you away
You remember that moment that we shared together
Dareun nuguboda naege deo gakbakaejil ttaeneun
Just take a breath, that's enough

Sometimes, you gotta move forward
Just take it step by step
And then you'll notice
You've found your place (God, damn)

Hold on to your ground
Doesn't matter how
They don't even care
So then, why should you? (Woah, oh)
Don't stop believing how you got here
Hold on to that feelin'
Gonna make it far enough

When all the walls are closing
When the weight's hard to bear
When you feel like you're nowhere
Let it go 'cause I'll be there for you
When there is no one for you
When you just need a friend (For you)
When you're just feeling lonely
I'll be there (God, damn)

Hold on to your ground (Oh)
Doesn't matter how (Oh, run this town)
They don't even care (Hey)
So then, why should you? (Woah, oh)
Don't stop believing how you got here (How you go)
Hold on to that feelin'
Gonna make it far enough
