Turn the board over this game
One chance right now at this time
Like that
Short and intense Escape
No next, just follow me easily

Boring, boring
Sick and tired, again
Stretch out now
Look at the New world

Boring, boring
Sick and tired again
So bored now, so long

Um disappearing emotion
Um expression is losing the light
Um laughter is controlled
Only numbness left No-oh

Can't bear it
No more lies
It's the time
Shoot the flashing light
Make a move

Dance, Break that wall
With our feel
Spread it out Guerrilla

This is how we shout
Loudly, keep it loud
Until everyone opens their eyes

Dance, Break that wall
With our feel
Spread it out Guerrilla

This is how we fight
Now we're gonna ride
Wake up the world, we are oh

Dance, Break that wall
With our feel
Will change the world
We are the Guerrillas

We gonna make it loud
Heart wants it like
Exploding beat and vibe

Shout out till I die

Vow to the light and darkness
Until they clear up
That anger
Will make the whole earth tremble

Get together WBD
Music is the weapon, Hooligan

Spread out Guerrilla
Open the doors right away
Splendidly make it boom

Living with the eyes of emotion closed
Doesn't it mean anything to you?

Can't bear it
No more lies
It's the time
Shoot the flashing light
Make a move

Dance, Break that wall
With our feel
Spread it out Guerilla

This is how we shout
Loudly, keep it loud
Until everyone opens their eyes

Dance, Break that wall
With our feel
Spread it out Guerrilla

This is how we fight
Now we're gonna ride
Wake up the world, we are oh

Dance Break that wall
With our feel
Will change the world
We are the Guerrillas

With both ears covered
With both eyes covered
Like a duplicated doll
Can't live like that

Everyone raise your heads
Face to face
Look at the grayish
World

Dance, Break that wall

Will change the world
