Sharpen your eyes, we're on stage, yeah

Immersed like it's breathing, yeah  
No midway, yeah  
To be honest, we're not at the top, I can't rest still  
Around the world, take a whirl, quickly unpacking, tracksuit mode  
Gentleman, Hongdae time attack then  
Quickly fly, run to Incheon, airport fashion, that  
Was left to the brand, little by little  
If there's time, I should catch up on lost sleep  
Wait, wait, M-A-Tz like allergy, it doesn't suit me  
Yeah, yeah, but on stage, our synergy, about to burst with response  
Following the two loose straps  
Like a quiet guy who's actually the craziest one  
We spit with a smile on our faces, look

I, who grew up looking at the sky  
Now live in the sky, resolving things  
If the GPS for necessities is on, not on the carnival but on the carrier  
You can be busy too  
Don't worry, regardless of above or below the stage  
I don't live shamefully  
Numbers without sources  
Just don't sell them, no shame, enjoy as always
