Growling in the thick dawn  
Awakening everyone, I'm the morning  
Dominating, I control it  
The pitch-black darkness, now keep falling  
Quickly let everyone know that we're starving  
Send only one rough warning  
I'll become a wave, I dive in  
I don't care about a thing, 'cause I'll be burning

Hidden behind a mask  
I've noticed a mean smile  
Still believing you can deceive me  
In a dream, hold your breath and push through it  
I know (I know)  
I'm chasing after you  
(I know)  
Coming after you

Every time, we know  
We know, we know, we know (We know, we know, we know)  
Oh, you gotta know  
You know, you know, you know (You know, you know, you know)  
I'm targeting your heart (You know, you know)  
Choking your breath (Choking, choking)  
Feel trapped in fear  
When you see my face

Every time, we know  
We know, we know, we know  
Oh, you gotta know  
You know, you know, you know  
I'm targeting your heart (You know, you know)  
Choking your breath (Choking, choking)  
Feel trapped in fear  
When you see my face

Yeah  
I'm keeping distance  
Will I catch you without you noticing?  
Keep an eye on neglect, not foul play  
Timing, wait, it's far away, yeah  
You don't know my type, yeah  
You don't know my mind, yeah  
But I know what you want  
I'll never give in to you  
In reality, someone  
Isn't targeted at the end  
The obvious truth

Is being distorted, why do you want to evaluate it?  
Between the violent words beating me  
This shaking false world is  
Inevitably dyed red  
With flower petals and pathetic self

Hidden behind a mask (Woah)  
I've noticed a mean smile  
Still believing you can deceive me  
In a dream, hold your breath and push through it  
I know (I know)  
I'm chasing after you  
(I know)  
Coming after you

Every time, we know  
We know, we know, we know (We know, we know, we know)  
Oh, you gotta know  
You know, you know, you know (You know, you know, you know)  
I'm targetting your heart (You know, you know)  
Choking your breath (Choking, choking)  
Feel trapped in fear  
When you see my face

You better run, hide and seek  
Coming close on you, then I got ya  
You better run, hide and seek  
Coming close on you, then I got ya  
Unleash me from the chain of lies  
That ties me up, oh  
Put everything back in place  
Woah

Every time, we know  
We know, we know, we know  
Oh, you gotta know  
You know, you know, you know (I could never let you run away)  
I'm targetting your heart (You know, you know; Ooh-ooh)  
Choking your breath (Choking, choking)  
Feel trapped in fear  
When you see my face

The tempo resonates  
Can't stop it anymore  
I'm about to shoot out the deployment  
Enemies everywhere around me  
I got it, the thunder will turn the lights on  
Disguised behind the darkness, mask off  
No false pretends  
Be careful, my mic is on
