

Try My Love

Atlanta Rhythm Section

Hey baby, you tell a sad, sad story
About the men in your life
You been searchin' since you was a little baby girl
Nothin' ever worked out right
Maybe, baby, you're lookin' in all the wrong places for your love

I know love can be tragic
But let me talk you out of givin' up
I don't know no magic
Baby, I'm only flesh and blood
But I can hold you in my arms
Squeeze you so tight
You don't need to be lonely tonight

Try my love
Try mine
Try my love
Try mine
Try my love, baby

Oh, darling

I know love can be tragic
But let me talk you out of givin' up
I don't know no magic
Baby, I'm only flesh and blood
But I can hold you in my arms
Squeeze you so tight
You don't need to be lonely tonight

Try my love, try it, baby
Try mine
Try my love
Try mine
Please try my love

Try my love
Try my love
Try my love
