

Come Lover

Atlantic Starr

Come lover, come, come lover, come
Come lover, come, come lover, come, come
Come lover, come, come lover, come
I want you so bad

Come lover, come, come lover, come
Come lover, come, come lover, come, come
Come lover, come, come lover, come
I want you so bad

I'm so attracted to you, baby
I wanna shoot my love right through you, baby
You make me crazy, baby
Oh, how bad I wanna do ya, baby

You got me aching with desire
You set my body right on fire
You would really make me such a happy boy
If you'd only let me be your "joy toy"
Won't you please...

Come lover, come here to me
Come help me live out my fantasy
Come lover, come with me tonight
I've gotta have you
'Cause you've got what I like

I'm gonna make you moan and groan
I'm gonna tap into your danger zone
I'm gonna get your heart pumpin' fast
And I'm gonna make the feeling last

You make freaky feelings rush all through me
We've got a wild and crazy chemistry
You fill me with excitement, you set my body free
You've got me blind with sexuality
Won't you please...

Come lover, come here to me
(Come to me, baby)
Come help me live out my fantasy
(Help me live a fantasy)
Come lover, come with me tonight
I've gotta have you
'Cause you've got what I like
(Ooh, lover)

Come lover, come here to me
Come help me live out my fantasy
(Live my fantasy)
Come lover, come with me tonight
I've gotta have you
'Cause you've got what I like

I want you, I need you
Gotta have you tonight
I want you, come lover

And let me take a bite
I want you, I need you
I gotta have you tonight
I want you, come lover
And let me take a bite

You make freaky feelings rush all through me
We've got a wild and crazy chemistry
You fill me with excitement, you set my body free
You've got me blind with sexuality

Come lover, lover, come here to me
(Come to me, baby)
Come help me live out my fantasy
(Help me live a fantasy)
Come lover, come with me tonight
I've gotta have you
'Cause you've got what I like

Come lover, lover, come here to me
(Come to me, baby)
Come help me live out my fantasy
Come lover, come with me tonight
I've gotta have you
'Cause you've got what I like
