

# In The Heat Of Passion

Atlantic Starr

Passion, passion, passion  
Passion, passion, passion

You aroused me  
You send tingles shooting down my spine  
And I can't hide it  
And now you're excited, you wanna get it on  
You wanna get out of control  
You just can't fight it  
But before we get together  
I think that you should know  
For you I'm blinded with desire  
Understand that once we start it up  
I'm not sure that we will be able  
To put out the fire

'Cause right now  
I'm thinkin' ten different ways to love you  
Can you be sure that you're ready for the high  
Who knows, the phases you may go through  
And pleasure, you may get the big surprise

In the heat of passion  
You tend to lose your mind  
Forget all about the time  
In the heat of passion  
Nothing is taboo  
And there's no telling  
What I might do to you

Girl, I want you, I want you so bad  
I can taste it, but it's up to you  
If there was a drop of love left  
When we were through  
I wouldn't waste it, not comin' from you  
Can you deal with the wild thing  
That may come out of me  
If our love gets too hot  
It's a chance you have to take  
You gotta make up your mind  
To make love with me or not, girl

'Cause right now  
I'm thinkin' ten different ways to love you  
So be sure that you're ready for the high  
Who knows, the phases you may go through  
And pleasure, you may get the big surprise

In the heat of passion  
(You got me on fire)  
You tend to lose your mind  
Forget all about the time  
(Filled with desire)  
In the heat of passion  
Nothing is taboo  
And there's no telling  
What I might do to you

Passion, passion, passion

Right now

I'm thinkin' ten different ways to love you  
Can you be sure that you're ready for the high  
Who knows, the phases you may go through  
And pleasure, you may get the big surprise

In the heat of passion

You tend to lose your mind

Forget all about the time

In the heat of passion

(Yeah, yeah)

Nothing is taboo

And there's no telling

What I might do to you

Feels so good to me

Never gonna let you go

I can't hide it, no, no

You've got me burnin' up

I'm going out of control

I can't fight it

There's no telling...
