

Keep It Comin'

Atlantic Starr

Boy, you swept me up from my feet
You gave me love that tastes too sweet
Keep it comin'
Baby, keep it comin'
Ooh, and what I feel is ecstasy
Every time you're next to me
Keep it comin', yeah
Baby, keep it comin'

All my daydreams have suddenly come true
I made a wish, and there you are
And now I know just what it means to be in love
And every night I thank my lucky star, yeah

If I'm lost in paradise
Leave me cause the feeling's nice (Keep it comin')
Baby, keep it comin' (Baby, keep it comin')
Ooh, I never thought I'd feel this way
When we touch, it makes my day
Keep it comin', yeah
Baby, keep it comin'

Ooh
I see magic when I look into your eyes
With all this passion, take it home
And what you do for me just can't be said with words
You don't have to tell me boy, I'm sold

Boy, you swept me off my feet
You made me love anything this week, yeah
Baby, keep it comin'
Ooh, and what I feel is ecstasy
Every time you're next to me
Keep it comin', yeah, baby, yeah (Baby, keep it comin')

Ooh, ah, oh
Boy, you swept me off my feet
You gave me love that tasted sweet
Yeah, baby (Keep it comin')
Baby, keep it comin' (Keep it comin')
Ooh, and what I feel is ecstasy
Every time you're next to me
Keep it comin' (Keep it comin')
Yeah, yeah (Keep it comin')

Comin', Comin', Comin'
Baby, keep it comin'
Every night, every day, comin' my way
Keep it comin' (Comin')
Oh, girl (Baby, keep it comin')
Comin', comin'
Baby, keep it comin'
Every night, every day, comin' my way
Keep it comin' (Comin')
Keep it comin' (Baby, keep it comin')
Every night, every day, comin' my way
Keep it comin'
