

# My Best Friend

Atlantic Starr

The first time I looked in your eyes I knew  
There was something special inside of you  
You awakened my passion and my curiosity  
You were so sincere, I knew you'd be there for me

Ooh you gave me joy that I never knew  
You were sent here to love me cos I needed you  
You helped me get through the worst times in my life  
You shared my sadness, my pain, my strife

Whenever I dreamed the impossible dreams  
You assured me that they would come true  
You stayed in my corner no matter what life could bring  
And I pledge my love to you

You are the piece of the puzzle I need  
To make my life full and complete  
I love you so and thanks for being my best friend

Ooh just like the rain falling to the ground  
You washed away my doubts and turned my life around  
You made everything good in my life that was bad  
For you're the greatest friend that I ever had

I want you to be right here beside me  
Forever and a day  
For you are my strength, you are my future  
And I need you, yeah, to stay

You are the piece of the puzzle I need  
To make my life full and complete  
I love you so and thanks for being my best friend

Oh what can I give you  
In return for the hope that you've given me  
Just ask it, whatever you want  
It will be, it will be

You are the piece of the puzzle I need  
To make my life full and complete  
I love you so and thanks for being my best friend

Oh baby you are the piece of the puzzle I need  
To make my life full and complete  
I love you so and thanks for being  
I love you so and thanks for being  
I love you so and thanks for being my best friend
