

# One Love

Atlantic Starr

One love, one love, la, la, la, love

One love, one love  
One love, one love  
La, la, la, la, la, la

Ooh, good stuff was the name that I would answer to  
King of the players was I  
Wrapped around my fingers, I had 'em all  
No one could stop me if they tried  
All kinds of women from everywhere  
I must admit, I've had my share  
But ever since you came to me  
You've changed my life around  
And I've become such a good boy  
'Cause right now

One love is all that's in my life  
One love, and I'm so satisfied  
One love, there's no room for another  
One love, la, la, la, la, la, la

They say Valentino had all the ladies' hearts  
Well, I wasn't too far behind  
The fish were biting all year 'round  
Sometimes it even blew my mind  
Don Juan had what the ladies wanted  
Let me tell you now, he aided each and every need  
He reminds me of myself, I've done all that he did  
And now you've changed my life indeed  
'Cause right now

One love is all that's in my life  
One love, and I'm so satisfied  
One love, there's no room for another  
One love, la, la, la, la, la, la

One love is all that's in my life  
One love, and I'm so satisfied, yeah  
One love, there's no room for another  
One love, la, la, la, la, la, la

There's no room, there's no room  
There's no room, there's no room for another  
There's no room, baby, there's no room  
There's no room, ooh, now
