

Sexy Dancer

Atlantic Starr

Dance, I love to see you dance
Shake it, shake your body, baby
Ooh, you tease me with your wanting ways
And I wanna take you home and have some better days
I get frisky when you start to freak
Then I start to fantasize but I can't reach my peak

You're like a Roman candle
Waiting to be ignited
And I'd love to be the one to set you afire
With all my burning passion and desire
Ooh-whoa, ooh-whoa...

Work it, work it out your back
Get loose, get all the way down, baby
I wanna squeeze your body with all my might
And if I could, it would be so outta sight
Maybe if I get closer, baby, and freak with you
Then you'll let me do what I wanna do with you

You're like a Roman candle
Waiting to be ignited
And I'd love to be the one to set you afire
With all my burning passion and desire
Oh-whoa-whoa-whoa, yeah, baby

Sexy dancer
Let me touch you, baby, while we dance
Sexy dancer
And right here on the floor, let's make romance
Sexy dancer
Don't go nowhere, lover, till I'm through
Sexy dancer
I never ever wanna stop freakin' with that sexy you
Sexy dancer

Ooh-ooh, whoa, yeah, yeah, dance
Sexy dancer, work your body
Stay up on the floor, let me see you dance
Ooh, whoa, baby
(Work the body)
Do that sexy dance, dance
You make me, you make me feel
(Work that body)
Like I wanna freak with you, dance
Fine freaky thing you...
