Thank You

Atlantic Starr

Thank you for all the love you've given
I'll be in debt to you forever

I was down and out, nowhere to turn to
No one to tell about my fears
Lovesick, ready to lose my mind
And about to drown in my own tears

In my life, I've always gone through changes
Every love I had would never last
Then you came along and you changed my situation
Now all my pain is in the past

Then I want to thank you for all the love you've given
Just when I needed it so bad
I'll be in debt to you forever
You're the greatest love I ever had

Love was just a game as far as I was concerned
I never could hold it in my hands
Ooh, just when I would think that it was for real
It was a mirage in the burning sand, oh

And then came the doctor, he came right on time
He checked my heart, it was fading fast
Then you gave to me, the right medication
You gave me love that's gonna last

And I wanna thank you, yeah
For all the love you've given
Just when I needed it so bad
Ooh, and I'll be hooked to you forever
You're the greatest love I ever had, ooh

Thank you, baby, oh
  (Thanks)
For the love you've given me
Ooh, thank you, baby, ah, ah
  (Thanks)
Gimme your love, gimme your love, gimme your love, yeah

  (Thanks)
And I want you to know how much I love you
Thank you, baby
You know you make me feel so right
  (Thanks)
Loving you is so out of sight

And I thank you for all the love you've given
Just when I needed it so bad
Ooh, and I'll be in debt to you forever
You're the greatest love I ever had, ooh

Thank you, thank you, thank you
Sweet thing you know I never had a love like you, girl
I'll be in debt to you forever
You're the greatest love

I never had it so good, had it so good

Thank you, thank you
For all the love you've given
Yeah, yeah, yeah, yeah
Ooh, and I'll be in debt to you forever
You're the greatest love I ever had, yeah
