

Under Your Spell

Atlantic Starr

Spell, spell

Under your spell, under your spell
Girl, release me, from under your spell

Like a magnet
You're pulling me close to you
But it's against my own will
I've tried to fight it
But there's nothing I can do
I feel captivated even still
Ooh, I ain't no single man
I've got a wonderful girl
Just as sweet as she can be
And I'm in love
Oh, but lately I've been dreamin'
'Bout this paradise world
With you in it, yeah
It's you I've been dreamin' of
And it's because I'm...

Under your spell, under your spell
Please release me from under your spell
Oh, your spell, it's changing my life
Girl, release me from under your spell

You've got me mystified
By your penetrating eyes
I'm tantalized just from your chemistry
I'm hypnotized by the glow
Of your beauty, girl
I'm energized just from the fantasy
Last night while I was making
Sweet love to my girl
She gave me this look of pain, oh...
When I asked her what was wrong
She said that I began to moan
Then I tenderly called out
Someone else's name
And it's because I'm...

Under your spell, under your spell
Please release me from under your spell, oh...
Ooh, your spell, it's changing my life
Girl, release me from under your spell

Oh, now that you have achieved your plan
And you stole the mind of someone else's man
Let the fun be over, put an end to this game
Take your hold off of me or I'll be driven insane

Whoo, your spell, baby
Please release me from under your spell
Oh, your spell, it's changing my life
Girl, release me from under your spell

You've got to release me from your

Ooh, your spell, oh, baby
Spell, whoo, your spell, it's changing my life
Girl, release me from under your spell

You've got to release me from your spell
Under your spell, under your spell
