

You

Atlantic Starr

Atlantic Starr "You"

Yeah yeah yeeeahh hmmm mmmmm

Chours

You, set my world on fire

You, are the only one that I desire

You, fill my heart with joy and love

It's You, right now

That I am thinking of

Verse

You came into my life

At just the right time

Just when I was about to go

Out of my mind, yeah

I never could seem

To find the right girl

I begin to feel

All alone in the world

Then out of no where

You came on the scene

You brought my soul to life

You made my heart scream

I know it's exciting

What you and I share

It's nothing compare

To your love and tender care, oooh

Chours

You, (baby) set my world on fire

You, are the only one that I desire

You, (girl) fill my heart with joy and love

It's you right now that I am thinking of

Verse

I never prayed for my girl to be so fine

I only asked if she would be loving and kind

But I guess I got a whole lot more

Than I ever expected

Than I ever asked for

Cause you are so fine

It doesn't seem real

That you somehow came my way

I could never explain

Just how good it feels

I'm gonna do all I can

To make sure that you stay, oh

Chours (2x)

You, set my world on fire

You, are the only one that I desire

You, (baby) fill my heart with joy and love

It's you right now

That I am thinking of

You, (yeah) set my world on fire

You, are the only one that I desire

You, (baby baby) fill my heart with joy and love

It's You right now that I am thinking of

Before You (oh yeah)

I was lost (yeah yeah)

Baby You

Gave me lovin a pulse hey (yeah yeah)

Tell me I love You, (yeah)

I found myself (yeah yeah)

I want You, there's only You

There will never, never, never be anyone else

Chours

You, set my world on fire

You, oh You, girl, baby your the only one that I desire

You, oh You, fill my heart with joy and love, baby

It's You right now that I been thinking of

Yeeaaaaahhhh

(You)

(You)

Oh, you girl

Everything about you girl (You)

Oh you babe

Oh you babe

Oh you baby (it's you right now)

You're the only one that I've been thinkin of

OOHHHHH OOOOO OOOOOO Yeah
