

Agamemnon

atlas

Okay, I see what you've been on
No more inside jokes that I'm in on
You'll be Troy and I'm Agamemnon
There's no coming back from this one

Another day in the VR headset
Another day in a simulation
Another day in the simulacra
I misplaced my invitation
It's real love but it's too invasive
It's fake and I know I made it
Outta sticks and stones
Does it feel like real bone?

Does it feel like you found it
When you were out there on your own?
Does it feel like there's a mountain
If you climb it you'll be home?
Does it feel like you're in a terror cell
Always blowing up my phone?
Does it feel like—

I see what you've been on
No more inside jokes that I'm in on
You'll be Troy and I'm Agamemnon

Okay, I see what you've been on
No more inside jokes that I'm in on
You'll be Troy and I'm Agamemnon
