

Yo, yo, yo

Cherry Halls  
Cough drops  
Robitussin  
Mix it up  
Purple in that trippy cup  
In case I need a pick-me-up

Cherry Halls  
Cough drops  
Robitussin  
Mix it up  
Keep a box of triple C  
In case I need a pick-me-up  
I'm sick

Pull up at the function stuntin'  
Y'all don't know me, nah y'all don't know nothin'  
Think you livin' life in the states I'm stuck in  
Can't breathe right 'cause my nose all stuffed in  
20 milliliters of that codeine syrup

Let it drip when I grip it  
Pro method's he's sippin' all up in my system  
I'm gettin' so drowsy I can't even listen  
Like fuck

Don't even ask  
Got all this cash not a single prescription  
I mingle with vixen  
So grabbin' medicine  
At the pharmacy I'm on a mission

This the Colosseum how I fight this battle  
You can stay away if you the type to tattle  
'Cause I got some pills up in my pocket now  
It's that pair'll set him off so quiet down

Cherry Halls  
Cough drops

Purple in that trippy cup  
In case I need a pick-me-up
