

I'm a gay clown feel like gamzee
I walked out the mall off sum milligram candies
They mad at my swag cuz my pants are so fancy
You think I would care but I don't I can't stand me

Brand me, black jeans black band tee
Can't be round fakes that shit make me too antsy
Green all I see when I'm masked up Tom Clancy
Glance at my kicks and they gasp like it can't be

Money counter run so often had to tune it out
Bank statement only show 8 digits need a new account
Friendly in the comments but it's crazy what he'd do for clout
Brass knuckles metal in my hand we don't (duke it out)
