

# TAKE ANOTHER STEP

atlas

Yoo

It's Atlas

(G-Sco)

Let's go

Try me take another step, yeah  
Try me take another step, yeah  
Try me take another step  
I make another check I'm callin' to collect, yo

Try me take another step, yeah  
Try me take another step, yeah  
Try me take another step  
I make another check I'm callin' to collect, like

Keep that paper on me, like it's origami  
All these bitches thirsty, I got more Dasani  
Dress the freshest, keep Supreme Ralph Lauren on me  
Hoes give me brain, shit you boy a zombie  
I am the illest that there's ever been tho  
Book me for Kimmel that Letterman show  
I'm blowin' up finally, lettin' it go  
Spittin' that rock shit, sediment flow  
It's evident tho  
I'm a demon in the skys  
Screamin' for the prize  
Hit em right between the eyes  
Got em screamin' for they lives  
Bring the evil and demise  
Everybody actin' tough is turnin' feeble if they try to  
Fuck With Me

Yeah

That's a mistake and a half  
'Cause  
I'm that dude breakin' his back  
To put in the work at the paper and stacks

Like

Meanwhile, all you other rappers boutta run the green mile  
Fuckin' pussies even know about a freestyle  
I'm gettin' numbers like a motherfuckin' speed dial  
Got more digits in my bank than you got on your hands  
You dry as a desert, get lost in that sand  
You think it's a concert, the way I got fans  
Think homecoming game, I fill the stands

Yeah

This for all of you kids that say I can't rap  
Atlas a poet but homie don't snap  
Shut the fuck up Nick yo friends on this track  
Drop a fire emoji on dat

Yes

I'm the illest in the building from the building to the street  
Even playin' why I got em all kneeling at my feet  
Came up about the Arctic with a bitchin' and some heat  
That the Clintons can't even delete

Yo

(Meanwhile, all you other rappers bouts run the green mile)  
(Fuckin' pussies even know about a freestyle)  
(I'm getting numbers like a motherfuckin' speed dial)
