

## tHat part verse

atlas

Alright, look... nobody can fuck with my mood right now  
I just bought an Xbox One with rap money  
I just wrote a tHat part verse in thirty minutes  
And I'm happy as fuck, so, uh...  
I'm just gonna go in  
That's what I've decided

You won't catch me stiff with a mean mug, mixing a lean cup  
Twisting the weed up, or blowing smoke  
Cause I'm spending my Visas on ordering pizzas  
Needing to eat, bruh, I'm going broke  
I just stay in my room, make paper for tunes  
It's like the newsprint section where Garfield at  
Catering to all of them haters at school  
Cause now I made it and them fools, they all feel that

So I be rushing in to kill 'em like a villain in a mask  
Put your feelings in the bag then duck  
Everybody claiming they the best, got em banging on they chest  
But nobody else impressed, like, "Bruh..."  
Ain't nobody realer with the raps, you ain't even gotta ask  
Need proof that bad? Ah, fuck  
Lemme go in business mode and bite the Kendrick flow  
For just a minute, show 'em what's up

Said, "Record me, so your beat get plays"  
You corny like a Frito-Lay  
I've got freaks that could beat Soleil  
They roll deep in the East Coast bay  
Your best bet is to bleep these words  
Before they reach locations  
Off-course like a secret place  
Press charges, I beat your case  
And set charges of C4 beneath your G4 plane  
To watch it blow like leaked porn tapes  
And I don't smoke but my weed still laced  
Only go where police don't stay  
My home is a decent place  
I don't front like my life ain't great  
No silver spoon, but I made my plate  
They hear "tHat part" and hate your face  
And I bang over 808s, like  
"What's up? I don't play no games"  
I got a mic where the chain don't hang  
And I'm a God, so when they say "No way!"  
Just straight pause 'em and play this tape

I said, I'm a God, so when they say "No way!"  
Just straight pause 'em and play this tape  
Just straight pause 'em and play this tape  
Cause I'm a God when they play this tape  
And y'all know that I'm a-okay

I said, I'm a God, so when they say "No way!"  
Just straight pause 'em and play this tape  
Just straight pause 'em and play this tape  
Cause I'm a God when they play this tape

And y'all know that I'm a-okay
