

## Things Going Wrong

atlas

Hit 'em with a zebra tag, stay ahead and let 'em lag  
And kill 'em with the beauty & the beat until they raise a white flag  
No surrender for a band on a mission  
Here to motivate and flip your bad brains to their proper position  
I'm in a major movement not a minor threat  
We encourage you to think cause it ain't illegal yet  
Old soul, fresh spit. Bad break? Tough shit  
Tell someone who cares cause we ain't buyin your wares  
Eat shit, die hard. Come clean, get scarred  
Cut me and I'll cut you back. Put you on the torture rack  
Crack your chest open, eat your heart out like a little crab -  
Screamin as you steam inside my boilin heat  
Enter whore of Babylon, drippin sex & wisdom  
Swallow up your children with the son of Jesus sucklin at her teat  
This masterpiece was incomplete until I found my voice  
To speak for your advancement. Call me Dexter Dubois

Ain't no things [?] puts my mind on the wander  
I can't stand what's going on long

Temple music blastin, city trippin with my books of magic  
Cuttin snake's heads cause I'm after that venom  
Children on the corner, they are leanin out for money  
They will lean that way forever. Have you got no love to give them?  
Sunset, cedar wood burnin in the dyin light  
Flicker to the rhythm of the oncomin night  
Blue moon risin over gotham as I stand alone  
Pink clouds electrify the sky in my ocean home  
I gotta say that this is definitely heaven  
We have let you in just to hear the music from a paradise  
Lost to the lust driven slaves of the capital  
Here for your land and we'll trade you the flu  
Carry our sick to your cell, never get well  
Black death, baby, you can eat my plague  
Crack pipes glowin under lamp lights, label me a  
Street-corner preacher. This smells like apocalypse  
Now and I'm lovin it. Swallow down your money clip  
Pimpin, cause the store is out of dead meat and vegetables  
Plus shiny trinkets for your earlobes and neck piece  
So blow the horn, batten down your bitches and release the beasts

Ain't no things [?] puts my mind on the wander  
I can't stand what's going on long
