

# Candy Red

Atlus

If you're feeling down and out  
Baby you could put it all on me, yeah  
And if you get to gettin' too high  
I'll be the ground beneath your feet

Even on the days when you barely understand it  
You'll have my heart, yeah, you stole it like a bandit  
And rode our love to a brand-new planet  
Oh yeah

Girl you hit me like a train wreck  
When I taste that  
Sugar rim red lip kiss  
Girl you make me feel weight less  
Can't contain it  
Checking boxes off of my list  
Like it's everything I never knew I  
Needed in my everyday life  
Train wreck  
Girl the way that  
I'm fallin' for ya  
I'm fallin' for ya

Candy-red kiss

And when you feel the waves come crashing  
Thinking that you're lost at sea  
I can be your lighthouse flashing  
Bringing you back to me  
Even on the days when  
All you feel is panic  
Gimme all your weight  
Watch it float away like magic  
Baby no bad days  
Since we landed on this planet  
Oh yeah

Girl you hit me like a train wreck  
When I taste that  
Sugar rim red lip kiss  
Girl you make me feel weightless  
Can't contain it  
Checking boxes off of my list

Like it's everything I never knew I  
Needed in my everyday life  
Train wreck  
Girl the way that  
I'm fallin' for ya  
I'm fallin' for ya  
Candy-red kiss
