

Ego

Atlas

[Chorus]

Yeah It's my ego
She say that I've changed
I ain't been the same, no
Ever since the fame
Yeah it's my ego
That's why I'm switching up on everyone I love
Cause I don't give a
Yeah it's my ego
All I care about is money
Ever since I got on
I've been acting funny
'Cause my ego
Yeah I been on the road
I don't have the time, yeah, to text you like before
No that's your ego
Not mine mine mine
Yeah, that's your ego
Won't apologize
You wanna hate me
Get in line line line
Yeah that's your ego
Not mine, mine mine

[Atlas]

Don't get it twisted
I'm still myself
Only thing changed the fame and wealth
Only thing changed the cards that I was dealt
I had to fold and bet on myself
I done went from rags to riches
From nerd to bagging bitches
Never one to spark they interest
Now I'm the one they dying to mention
Almost took me a decade to get it here
Finally found me a wave off the strength of my music
The people I love they already know
I don't got to text them or call them to prove it
If im on the go, and I'm going ghost
That's my life I ain't trying to lose it
I'm focused on me, focused on green
Spend it on mom; spend it all on the team

[Chorus]

Yeah It's my ego
She say that I've changed
I ain't been the same, no
Ever since the fame
Yeah it's my ego
That's why I'm switching up on everyone I love
Cause I don't give a
Yeah it's my ego
All I care about is money
Ever since I got on
I've been acting funny
'Cause my ego
Yeah I been on the road

I don't have the time, yeah, to text you like before
No that's your ego
Not mine mine mine
Yeah, that's your ego
Won't apologize
You wanna hate me
Get in line line line
Yeah that's your ego

[GAWNE]

Yeah don't get it twisted
We not the same
You know that I'm gifted
Handle my business
Ain't it so funny I made me some money
Now they say I'm different
Y'all must be trippin'
Came from the bottom though
Ramen noodles on the stove
Used to shop at the dollar store
Gotta go met up with Atlus said vamanos
We hit the lotto and made us a pot of gold
Mi amigos and me in this bitch Word to Celo
We making that Green Yeah I promised the team
We'd be living the dream and we did
Took my shot at a three and I swished Every free throw I hit
So the haters are crying out foul It's illegal
These people been leavin' em' sick
I'm somebody motherfuckers hate to see go win
But I did so they tell me that my ego is big
Now that we on
They wanna hate me because I'm the Don
Atlus and GAWNE
We make one helluva song
And I'd take a bullet for Sean
But for anybody else I love
I'm switching up my girl said I changed a bit
Don't give a fuck
I got myself a chain, a watch, a crib, a truck
The fame and the wealth is nice I'm rich for once but not enough
A pre-madonna
One for the money Goes two for the drama
Three for the women who told me I'd never be shit
'Til I blew up and made some commas
I-been I-been known to go start some shit
I'll turn a little thing into an argument
Because my ego's big
And now it's hard to miss
Wait. Maybe I'm a narcissist

[Chorus]

Yeah It's my ego
She say that I've change
I ain't been the same no
Ever since the fame
Yeah It's my ego
That's why I'm switching up on everyone I love
Cause I don't give a
Yeah it's my ego
All I care about is money
Ever since I got on
I've been acting funny
'Cause my ego

Yeah I been on the road
I don't have the time yeah to text you like before
No that's your ego
Not mine mine mine
Yeah, that's your ego
Won't apologize
You wanna hate me
Get in line line line
Yeah, that's your ego
Not mine mine mine
