

# Guilty

Atlas

Finally found the girl of my dreams, the one who forgets my past  
Mom and dad already love her say she's nothing like my last  
I could get on one knee, and she'll say yes before I ask  
She'd be a big city girl leave her small town in the past  
Deep down I know that I can't do the same  
She doesn't know she won't get my last name

'Cause it breaks my heart  
That this ain't working  
And it makes it hard  
You don't deserve this  
Should know you're the one, should be missing your touch  
But I can't convince me  
You were always enough for the both of us  
And now we're history  
But I'm the only one feeling guilty

I should wanna fan that flame but I wanna burn this whole place down  
I know that you want me to stay, but I've got one foot out  
She sees a future in her head  
But just can't make that make sense  
Here we go again  
Here we go again

And it breaks my heart  
That this ain't working  
And it makes it hard  
You don't deserve this  
Should know you're the one, should be missing your touch  
But I can't convince me  
You were always enough for the both of us  
And now we're history  
But I'm the only one feeling guilty

I'm feeling so guilty  
Hurting you I know is gonna kill me  
I'm feeling so guilty  
I know I gotta lose you to heal me  
Is it selfish

That I'd break your heart  
'Cause this ain't working  
And it makes it hard  
You don't deserve this  
Should know you're the one  
Should be missing your touch  
But I can't convince me  
You were always enough for the both of us  
And now we're history  
But I'm the only one feeling guilty

I'm feeling so guilty  
But losing you, I know it's gonna heal me
