

Tell me the when  
Tell me the where  
I'll sprint as fast as my lungs can bare  
I'll show you the how  
Cause knowing the why  
Makes me go faster than the speed of  
Lightning in a bottle  
Fire on the throttle  
Heartbeat louder than a sonic boom  
Always wanna follow  
That feeling of tomorrow  
When paradise might be in my view

We're like a push and pull  
Yin and Yang  
We got something special baby  
Let's keep playing games  
I'll be the morning sun  
Chase your midnight moon  
I'll stay running circles  
If you keep me in your loop  
Oooooooooohhhhhhhh  
Don't want to go without  
Youuuuuuuuuuuuuuu  
I want forever now  
Think I love you  
Baby how baby how  
About you

Where there's an if  
There's a hope  
Keep giving me hints  
Till the hints become  
A little light  
To light the room  
With you standing there  
Making hopes come true

We're like a push and pull  
Yin and Yang  
We got something special baby  
Let's keep playing games  
I'll be the morning sun  
Chase your midnight moon  
I'll stay running circles  
If you keep me in your loop  
Oooooooooohhhhhhhh  
Don't want to go without  
Youuuuuuuuuuuuuuu  
I want forever now  
Think I love you  
Baby how baby how  
Bout you

Baby how baby how  
About you  
Baby how baby how about

Think I love you  
Heartbeat louder than a sonic boom  
Think I love you  
Baby how baby how about you
