

Perfect

Atlas

I'm sorry if I ever made
You feel like you ain't worth it
Oh you're perfect, yeah
I know it gets hard yeah when I'm busy working
When I'm working
You know how my job gets
I know that regardless
You're gonna stick with me through the hardships
Yeah

I'm sorry if I ever made you feel like you ain't worth it
Yeah, you're perfect for me
I love the fact you put the work in
Nine-to-five
You on the grind
And you be steady earning
Even though I got the money yeah to hold us down
Put that weight on yourself
Don't wanna hold me down

Paycheck to paycheck yeah that's how we grew up
And the city that we're from we supposed to be screw ups
They said I'd never make it
I put out songs 'til they blew up
I got the bag now want to share with a true one

I got some walls you say you wanna start climbing
Don't bring them down you need me to see you trying
Oh I know that I'm blessed
To have somebody like you
That's gonna give me their best
Yeah, yeah

I'm sorry if I ever made
You feel like you ain't worth it
Oh you're perfect, yeah
I know it gets hard yeah when I'm busy working
When I'm working
You know how my job gets
I know that regardless
You're gonna stick with me through the hardships
Yeah
I'm sorry if I ever made you feel like you ain't worth it
Yeah, you're perfect for me

Yeah for me you know you're perfect
Too busy chasing goals
Sometimes I know that leaves you hurting
When I'm on the road
I get wrapped up in this life
No, I can't text you 'cause the second that I do I book flights that

You can't make I know you got your own priorities
Out of sight and out of mind brings a little relief, yeah
I'll be gone for some months
But when I'm back
Can't wait to see you girl

You're all that I want

You got some walls I can't wait to keep on climbing
Don't bring them down I need you to see me trying
Oh I know that I'm blessed
To have somebody like you
That's gonna give me their best
Yeah, yeah

I'm sorry if I ever made you feel like you ain't worth it
Oh you're perfect
And I know it gets hard yeah when I'm busy working
When I'm working
You know how my job gets
I know that regardless
You're gonna stick with me through the hardships
I'm sorry if I ever made you feel like you ain't worth it
But you're perfect for me
Perfect for me
Oh
