

# Trash This Party

Atlus

You were everything I wanted  
But baby true love don't come in twos  
You went and drove me crazy darling  
I never acted like this before you

How'd it get this bad  
Ignoring every red flag  
Karma's 'bout to fix that  
Better to be late than sorry sorry

I'm 'a come through  
Trash your party  
Bustin' every window of his black Ferrari  
Fuck you  
Now you got me  
Sprintin' no bags  
Through the hotel lobby  
I'm 'a be up right in minute  
Give zero fucks on how it's endin'  
Call service to the room  
I'm 'a 'bout to get started  
Gon' need a whole crew  
When I trash this party

I bet you thought you'd have your cake and you could eat it too  
So go ahead and pour another for the fuckin' room  
Won't keep you waitin'  
Entertainment  
Yea it's coming too  
'Cause you got me real  
Good baby

How'd it get this bad?  
Ignoring every red flag  
Karma's 'bout to fix that  
Better to be late than sorry, sorry

I'm 'a come through  
Trash your party  
Busting every window of his black Ferrari  
Fuck you  
Now you got me  
Sprintin' no bags  
Through the hotel lobby  
I'm 'a be up right in minute  
Give zero fucks on how it's endin'  
Call the service to the room  
I'm 'a 'bout to get started  
Gon' need a whole crew  
When I trash this party

I'm 'a come through  
Saying fuck you

I'm 'a come through  
Trash your party  
Busting every window of his black Ferrari

Fuck you  
Now you got me  
Sprintin' no bags  
Through the hotel lobby  
I'm 'a be up right in minute
