

Waiting On A Miracle

Atlus

You open up the front door eyes on the floor you're headed straight f
or the stairs
Stuck in the kitchen with a half beer wishing you'd stop acting like
I'm not even there

One of us is trying to find a way to face it
The other one is dodging every conversation
Our fall is coming but my leaves stay patient
Even though it hurts so bad waiting

Now I'm praying I know
Anything to let me let you go
The suffocating we know
Like loving in a cloud of smoke
'Cause we lay in a bed that we made to burn up
Take what we had and we turned it to dust
It's over
It shows but I keep waiting on a miracle

Kiss on your lips when we're out with some friends
Yeah they don't know we're saving face for them
Fuck all of this it should be gone with the wind
But we still hang around just playing pretend

One of us would walk the line until we made it
The other one is just too numb to even save it
Our fall is coming but my leaves stay patient
Even though it hurts so bad waiting

Now I'm praying I know
Anything to let me let you go
The suffocating we know
Like loving in a cloud of smoke
'Cause we lay in a bed that we made to burn up
Take what we had and we turned it to dust
It's over
It shows but I keep waiting on a miracle

Burn it all down
Burn it all down
Pour the gasoline
Burn it all down burn it all down
I'm begging you please

'Cause we lay in a bed that we made to burn up
Take what we had and we turned it to dust
It's over
It shows done waiting on a miracle
Heart shut door closed
Done waiting on a miracle
Waiting on a miracle
