

Walk

Atlus

I know I'm close, gotta keep on movin'
Down and out somehow saw the light
Even though I was losin'
Was down on myself
Down on my talent
Love or the music, couldn't find balance
Said we have hope, started to doubt it
She wanted to leave, I'm the one that allowed it

Don't take it personal now, If I'm on the fence
It's not about you, I had to switch up the lens
People holding you down, cut them out of your plans
I know it's not easy, what's easy won't help you advance

I'm less concerned, with trying to be the greatest
Rather you take my songs
Put it on your playlist
Get chills when you play this
Growing up man a lot people hated
The same people now tell me I'mma make it
I stuck to my dream never changing
In and out on ear yeah, my mind stayed vacant

Upon these trials I know
Life turned this heart to stone
That's when I found out
That I'm better off alone
I bought a one way ticket
On a west bound train
No more shots yeah, to numb the pain
I know I'm nameless
On my way to be famous
I know one day I'll make it
Just keep walking the line

Walking someone else's path trust me
That's truly just no way to live
Everyone's special
And you got talent to offer the world
Got something to give
People are dangerous
Projecting they failures
Don't let it manipulate you up with fear
Then try to me you everything I'm not
I'm just looking back like it is what it is

Protecting my vision
I been on mission
I did what I needed to do to survive
Dying of thirst
Used to feel hopeless
The music was there to keep me alive

They always gone laugh a dream
Think they can crash everything
When they seeing your drive
They see you thrive

It's hurting they pride
Sure they know how
But do they know Why

It was the walks
It was the runs
It was the falls
It was the climbs

It was blood
It was the sweat
Plus all the tears
And risking my life

I lacked the confidence
Now that I conquered it
I Wonder what else
This dream will provide

I'm giving and giving just not giving up
On none of my dreams

Upon these trials I know
Life turned this heart to stone
That's when I found out
That I'm better off alone
I bought a one way ticket
On a west bound train
No more shots yeah, to numb the pain
I know I'm nameless
On my way to be famous
I know one day I'll make it
Just keep walking the line

I've been wasting time
Been wasting time
Lately I've been searching for a reason why
A reason to live my life
My life

Upon these trials I know
Life turned this heart to stone
That's when I found out
That I'm better on my own
I bought a one way ticket
On a west bound train
No more shots yeah, to numb the pain
I know I'm nameless
On my way to be famous
I know one day I'll make it
Just keep walking the line
