

Wish I Didn't Give A Shit

Atlas

Wish I didn't give a shit
Wish it didn't hit
Like the liquor from the bottle
I'm swimming in
Wish I never let you in
I was better then
Now I'm waking up alone in my bed again

I'll play the fool, just tell me lies
That you're coming back to me in time
Win or lose won't sever ties
Anything to keep you on my mind
I'm waiting for you
Still got faith I'm holding on
Where did it all go wrong?

Wish I didn't give a shit
Wish it didn't hit
Like the liquor from the bottle
I'm swimming in
Wish I never let you in
I was better then
Now I'm waking up alone in my bed again

After all those nights
We were killing the lights
Now you're really gone and it's sinking in
I heard you fell in love with him
And I wish I didn't give a shit

If you're confused, don't hesitate
You know that I'm always by your side
Win or lose, one call away
Baby, if I'm ever on your mind
I'm waiting for you
Still got faith I'm holding on
Where did it all go wrong?

Wish I didn't give a shit
Wish it didn't hit
Like the liquor from the bottle
I'm swimming in
Wish I never let you in
I was better then
Now I'm waking up alone in my bed again

After all those nights
We were killing the lights
Now you're really gone and it's sinking in
I heard you fell in love with him
And I wish I didn't give a shit

Wish I didn't
Wish I didn't
Wish I didn't give a shit

Wish I didn't

Wish I didn't
Wish I didn't give a
