

I want my up as steady as my down  
When I, I, I  
I want my cup as heavy as my crown  
When I, I, I  
Look in the mirror, I'm so glad I found a friend  
When I come around again  
I want my up steady as my down  
My cup heavy as my crown when  
When I come around

She told me to come inside and get out of the raindrops  
And stop living your life like a day job  
I'm tryna make this feel like a holiday  
It's a complicated celebration nowadays  
Gotta take it any way we can acquire it  
With consideration to our time and our environment  
Trying to find a silver lining with yourself included  
It's why we play these records like there's keys in the music  
It could be as simple as it's supposed to be  
If only what they told me was actually what they showed me  
Hope the kids get a chance to tell a brand new story  
But in the meantime, please don't stand so close to me  
She says she never loved the police  
That's when I knew I wanted to protect myself from her sting  
And I don't know what to think, but now I'm trying to redeem  
For every time I didn't seem to keep my eye in your team  
And I can be as careless as a dream  
But as careful as the breeze carry seeds from the trees and  
Spread 'em 'cross the field until they too little to see  
Until they barely just a ripple in the sea  
Specifically, I'm free to be stressed  
And worried 'bout whatever sequence of events and experiences  
I'm feeling incomplete and let me get this release  
I believe that I need some relief  
I disappear into the night like a what?

I was a horrible thief, forgot to steal anything  
I'm on the carousel tryna take care of myself  
We can laugh, we can sing, I'll be back next spring  
On the carousel tryna take care of ourselves  
I'm as present at the callus underneath that ring  
You on the carousel tryna take care of yourself  
I appreciate the challenge, but these lights ain't green  
On the carousel tryna take care of myself
