

## Distances

## Atmosphere

And I'm not your mommy  
Never cared 'bout your money  
And I left your party  
'Cause y'all clowns are too funny  
You can dive off the stage  
Or you can climb up those curtains  
It's alright to admit that  
You're afraid of the uncertain

I'm here to audition  
For the role of the unhinged  
Tryna act like it's an accident  
The bad guys catch wins  
I might just be nervous  
Anxiety resurface  
I got issues with the misuse  
And your excuse of a purpose

I stayed until the finish  
To the dismay of my critics  
When it's all said and done  
Y'all can say that I did it  
Or you can tell them I failed  
I mean, I guess I don't care  
That's none of my concern  
Y'all gotta learn not to stare

Stop, we not the same  
You can spot me from a plane  
Cowpie from the Southside  
Floor hockey if it rains  
Probably camped out at home  
Won't answer the phone  
If y'all can understand  
Leave me and my family alone

Might have to scream just to see if they're listening...  
I been missing since back before the distancing...  
I don't remember a normal experience...  
I been missing since back before the distances...

Who is you talking to?  
Won't you please leave me alone?  
Who is you talking to?  
Won't you please leave me alone?
