

Drown

Atmosphere

I knew that I couldn't survive
Without you by my side
But I'm alive
I thought that it was more than a tattoo
Try not to get caught in the classroom
Tomorrow morning while the galaxy is forming
I'mma find a box of stories
Buried in the garden under the pouring rain
Never seen the storm before it came
Find the strength to forgive my jinx
Swim the length of the kitchen sink
Freedom of speech don't mean what you think
Hold that thought I'm about to close the ink
Y'all know I never gave a frozen shit
I'm just trying to hold my head above the hopelessness
They wanna blow some kisses at the showmanship
Until they're poking at your legacy with broken sticks

Yeah I think I'm going down
Don't know what to do
I'mma drown
With you
With you (yeah)

Yeah I think I'm going down
Don't know what to do
I'mma drown
With you
With you (yeah)

Here we go
I'm trying to be peaceful
Keep on clashing with your ego
No logic or reason when speaking
Get peace and disagreements
Tell me what you really thinking when you drinking
Say that you don't mean it
I heard that before
I don't believe it
Listen to people
That tell you everything in how they treat you
View kindness as weakness
Say you don't need me
Hard to let go
But I'm leaving faceless right now
What is easy
Get the very leases
Exactly what you receive
What you see's your reflection of what you think you perceive
Don't make a promise you can't keep
But keep with these to release repeat the things that you should change
Your hands and things can't point the blame
No you can't stay
You can't just take reciprocate make an exchange
I'm lighting sage to cleanse a space
Getting that bad energy up off of m-e
Replaced with inner peace

Fools call you so expose enemies with false identities
You're no friend to me so don't pretend to be

Yeah I think I'm going down
Don't know what to do
I'mma drown
With you
With you (yeah)

Yeah I think I'm going down
Don't know what to do
I'mma drown
With you
With you (yeah)

I been let down before
Laying against this wall
Ain't no use in crying
When I'm sober I drink
Always up when I sink
In a comer I'm blinking
And in my own mistakes
Laying in my bed and rest
Ain't no use in trying
When I'm shocked I won't shoot
Don't know what
They're trying to hurt me
Love me then desert me
Don't give me your mercy
Feel like my flesh burn me
So let's start a fire
Goes on every hour
They're trying to drown me
Feel like I am falling
