At my signal kids get stuck like a big towel slugs
Hit by this, it's over...of telling kids to get up of my swalling deck
But hell we rip, don't tell me shit
That's irrelevant, I'm yelling fits on the stage like I run page elephant
I'm negligent but back it up, I men
So the skills just claim and spouse feel the same
Might want it off when I put the thoughts of your accomplishments
I can't believe that you float the shits, unconscious
It's where I want to hit you plus your partner cuz she's a bitch too
This whole situation makes me wanna giggle just a little
Yeah I'm fake so you can need a dick with cheese and pickle

I will provable like sell over your head
I wait the way and lost yei in the stuck will need those
I feel you off the rhyme like a banana splotch
You down the middle
Now you from a seconds half
Might call this crazy and catch the pokes that's lazy
And now you sleeping, end this cuz I bend this mic like obstrucly
I know exactly you like me, and throw up your nose and pick a winenr
Just the beginning, I'm gonna end to your fix wisdom, mix your life cool com

Atmosphere my man, yo, I spend the better potion of my years as a fan
I'm too hard to play with
Big boys getting lifted of the lift that I consume
I catch you buzzin' 'til they sniffing bugs and the slug is coming
Lift this motherfucker verbal pshicosis
No I am allergic to your flow kids running as my noses
They names are typed addict
I rhyme this fast action
I bust angels and bust and take the bust banges
I let you mom roab the napes on my render
Before I try to see ya, I flow like dearer shit, I might just feat you
But if you rock don't even waste your time bumbening
I wanna repeat the ego, and leaded by the cannabis
I'mma grab a shot and get it stick and I'mma stab you in the pancreas
Just can't read all sign one big fat contract
