

# Stardust

Atmosphere

I should've listened to Clarence  
How did we get so careless  
You should've listened to the old classics  
Those freestyles was written on some stone tablets  
I'm such a passive aggressifist  
We practice abstinence it's for the best I guess  
I'm so sensitive she calling me a bootyhole  
And now I'd rather sleep down at the studio  
Stop biting my rap style  
My life has never been so gorgeous  
Stop biting my rap style  
So turn me up until my voice gets distorted  
Stop biting my rap style  
I'm exhausted but I'm far from harmless  
Stop biting my rap style  
I'm trying to be a better partner regardless  
Stop biting my rap style  
So why you make me wanna turn back into stardust  
Broken hearted  
Broken hearted  
Broken hearted  
Broken hearted  
Broken hearted...  
... Broken hearted  
Broken hearted  
Broken hearted  
Stop
