

For Franklin

Atom and His Package

Let's give credit where credit is due
To another President band
Remember it takes a fine rock outfit
To record flawless emo gems complete with surface noise

And as we lower the Franklin
Casket to the ground with our hearts under our hands
Hold on guys, before your band dies,
You owe 400 bucks to my mom for your van

There is no question at all I'll miss your musical kiss
Until forever I'll be angry with the scientist
This is a 21 fun friend person salute so cheers man, cheers

It's for Greg, it's for Brian
It's for Ralph, it's for Roy, it's for Josh, it's for Franklin
It's for Greg, it's for Brian
It's for Ralph, it's for Roy, it's for Josh, it's for Franklin

How can I be just a name or number of a word?
Do I hold a page that says that nothing lasts forever?
I'll save my heart attack until you get back
I'll save my heart attack until you get back

There is no question at all I'll miss your musical kiss
Until forever I'll be angry with the scientist
This is a 21 fun friend person salute so cheers man, cheers

It's for Greg, it's for Brian
It's for Ralph, it's for Roy, it's for Josh, it's for Franklin
It's for Greg, it's for Brian
It's for Ralph, it's for Roy, it's for Josh, it's for Franklin

And it's all right,
You'll do me one last favor, I'm asking you nice
So would you pretty, pretty please play
Radio Flyer tonight?
And it's all right,
Because of course all of us are still friends
And it's all right,
Cause I won't have to hear Ralph's guitar sound again

It's for Greg, it's for Brian
It's for Ralph, it's for Roy, it's for Josh, it's for Franklin

It's for Greg, it's for Stavroula
It's for Stavroula, yeah
It's for Stavroula, yeah
It's for them
