

Jenny S.

Atom and His Package

Her father's name is Mark, her mother's is Jan. She's the cutest thing I've seen since I encountered Ms. Pac Man. She wrestles like the Hulkster, no she does not give up. She thinks that she's a bad ass 'cause she now owns the zoo cup. Jennifer Schumow. Jeeeneeeefeer Scheemeeew. To me, she's vegetable eating, and Jenga cheating. You know fucking Singapore, is where we're eating. If you put on a movie, she falls asleep at the first scene. That's alright still 'cause she's my perfect daydream. And another thing, this I know is true. The thing that makes her perfect is that she's even a Jew. All I can say is that I'm glad that this started, and she loves me, though I'm completely retarded. And the people from Germantown High School, Wu Tang Clan, Whitney High (I'm going to hell, I know) say.
