

Where Eagles Dare

Atom and His Package

[Originally by Misfits]

We walk the streets and night
we go where eagles dare
they pick up every movement
we pick up every loser
they did it as a creature
you think that we really care, lemme tell ya something

I ain't no god damn son of a bitch
yeah you better think about that baby
I ain't no god damn son of a bitch
yeah you better think about that one
I ain't no god damn son of a bitch
yeah think about that one
I ain't no god damn son of a bitch

The omelette of disease awaits my frying pan
yesterday I was walking around and then I decided that I ran

I ain't no god damn son of a bitch
yeah you better think about that baby
I ain't no god damn son of a bitch
yeah you better think about that one
I ain't no god damn son of a bitch
yeah think about that one
I ain't no god damn son of a bitch

I ain't no god damn son of a bitch
yeah you better think about that baby
I ain't no god damn son of a bitch
yeah you better think about that one
I ain't no god damn son of a bitch
yeah think about that one
I ain't no god damn son of a bitch

You ain't no baby, I'm a son of a bitch
