

## Bed Of Nails

Atom Smash

Don't make a single sound  
Don't take a look around  
Don't shake it only makes it worse

'Cause I'd trade all of my life  
I'd rot in a cell  
If it hurts until  
You don't believe it  
All of my life  
I'd rot in a cell  
Upon my bed of nails

My arm under your gown  
The hand has reached the child  
I'd say we abort  
This mission now

'Cause I'd trade all  
Of my life I'd rot in  
A cell if it hurts until  
You don't believe it  
All of my life I'd  
Rot in a cell upon  
My bed of nails

Even God couldn't save you now  
Even God , even God  
Even God couldn't hear you cries  
Even God, even God  
Even God couldn't save you now  
Even God , even God  
Even God couldn't hear you cries  
Even God, even God

Don't make a single sound  
But I'd trade all of my life  
I'd rot in a cell if  
It hurts until you  
Don't believe it  
All of my life I'd  
Rot in a cell upon  
My bed of nails
