

Moment You Leave Me

Atomic Kitten

G **Em**
1. You make me believe
G **Em**
You are the one for me it seems
G **Em**
But now, I've found it hard
G **Em**
The way you treated me, it's mean
C **Am**
Cause time after time I keep changing my mind
C **D**
And I can't get myself over you (wuhuúú)

G **Cadd9**
R: The moment you leave me
D **G**
The moment you're gone
Am7 **C**
I don't think that I could last another minute
G **Cadd9**
But when we're together
D **G**
There's something so strong
Am7 **C**
And I don't think that we will ever find a limit
C
It's going on

2. Each time you were down
I helped you on your feet but then
Just as soon as you were ready too
You leave me on my own again
Cause time after time I keep changing my mind
And I can't get myself over you

R: The moment you leave me...

Em **Am**
*: When you lied that you love me
G **Em**
And spoke promises that you couldn't keep
C **Am** **G** **Em**
How I tried to believe you when my tears they just cut so deep
Am7 **D**
And I can't get myself over you

R: The moment you leave me... (3x)
