

Dancing With My Demons

Atreyu

Another day in waste
Down in my own hell
Another stumble while I constantly try to rebuild myself

You know that I've been trying
To embrace my shadow
One foot in the grave
And the other in a race to break this cycle

I've been dancing with my demons
If I could make 'em stay away
I'd be in a better place
But I'm dancing with my demons

And so I slip back down
Into this downward spiral
Until I hit the bottom
And finally rest within my sorrow

And it's an endless road
I feel the ebb and flow
So tonight I sleep with the ghosts I know

I've been dancing with my demons
If I could make 'em stay away
I'd be in a better place, better place

I've been dancing with my demons
If I could make 'em stay away
I'd be in a better place
But I'm dancing with my demons

Dancing with my demons
Take me to my grave

I've been dancing with my demons
If I could make 'em stay away
I'd be in a better place, better place

I've been dancing with my demons
If I could make 'em stay away
I'd be in a better place
But I'm dancing with my demons
