

## Dinosaurs Became Extinct

Atreyu

You had anger pulsed rage  
Unexplored pathways; limitless boundaries  
A voice above the dim screaming so loud  
And now you are the masses

You used to run so fast  
Where were you going? (NO WHERE!)  
I've seen the path you took; it leads in circles (COUNTER PRODUCTIVE!)  
Exhausted by your slavery, you are broken (NOTHING NEW!)  
Preach words you no longer believe in, your time is gone  
Stale

Words are empty as your heart  
Your lies breed hatred and contempt  
In your grasping, we won't help as you're consumed into nothing

Your lies defeat your purpose  
Your purpose is only lies
