Atreyu

This life starts with a heartbeat  
Is it beat beat beat beat beating me down?  
I could lose who I am!  
I can't help but to see this assistance living shit outta me  
I could lose who I am!

Every time I walk away,  
Every word I ever say!  
Restless, chasing shadows  
Choices, facing gallows' poll,  
Are you hanging by your prayers?  
When you run the row  
Tell me, we don't see your scars  
Are you afraid of who you are?  
Are you afraid of who you are?!

Denial, my soul will burn  
Is it burning burning burning burning me out?  
You're feeding the flames  
Spread out the ash  
Pretend to see  
That your getting to fast  
Still pretending to be  
I just feed the flame

Every time I walk away,  
Every word I ever say!  
Restless, chasing shadows  
Choices, facing gallows' poll,  
Are you hanging by your prayers?  
Swinging by the rope.  
Tell me, we don't see your scars  
Are you afraid of who you are?

Oh my god what am I afraid of  
Success and of every word it takes  
Oh my god are you afraid of me and everything that breathes

Restless, chasing shadows  
Choices, facing gallows' poll,  
Are you hanging by your prayers?  
Swinging by the rope  
Don't think, we don't see your scars

Are you afraid of who you are?  
Afraid of who you are?  
Are you afraid of who you are?!
