

# Safety Pin

Atreyu

Go!

I can feel you in the back of my skull  
On my best days, worst ways  
I don't wanna talk about it  
I can see you waiting for me to fall  
Casting black rays, wasting  
I don't wanna talk about it

I won't let you in  
No I won't let you in

I will rise to walk again  
I won't keep on listening  
The sorrow I won't let it in  
My life held by a safety pin  
(Safety pin)  
Oh, oh, oh  
By a safety pin  
Oh, oh, oh  
By a safety pin

Try to cut me from a walk to a crawl  
I will get up, stand up  
And now I wanna talk about it  
Try to break me, I can still take a shot  
I will wake up, stay up  
Now I wanna talk about it  
Let's fucking talk about it

I will rise to walk again  
I won't keep on listening  
The sorrow I won't let it in  
My life held by a safety pin  
(Safety pin)  
Oh, oh, oh  
By a safety pin  
Oh, oh, oh  
By a safety pin

I will rise to walk again  
I won't keep on listening  
The sorrow I won't let it in  
My life held by a safety pin  
(Safety pin)  
Oh, oh, oh  
By a safety pin  
Oh, oh, oh  
By a safety pin
