

# Super Hero

Atreyu

I start right here and say these words  
I was scared and looking for a home  
Nowhere to roam  
You came here filled up my soul  
A blinded love that won't let go  
A surprise are you really mine?

I'm complete and can't believe  
I'm holding you and you're holding me

Sure as the bird will fly  
I'll be standing by your side  
On and on and on and on  
I will be your super hero  
And if you're lost in the cold dark night  
I will be your guiding light  
On and on and on and on  
I will be your super hero

Years of searching for the light  
It's funny how the cracks begin to show  
Ooh ooh  
Drift among the sea at night  
But sometimes it's the smaller hands that row  
Take me home

So hang your head upon me now  
And know that I will never let you go

Sure as the bird will fly  
I'll be standing by your side  
On and on and on and on  
I will be your super hero  
And if you're lost in the cold dark night  
I will be your guiding light  
On and on and on and on  
I will be your super hero

I will never lay down  
Until I see this through  
I will fight, I will battle  
Decimating all at will  
Those who stand to oppose  
The love I feel for you  
I will fight, I will battle  
For a better life for you

Sure as the bird will fly  
I'll be standing by your side  
On and on and on and on  
I will be your super hero  
And if you're lost in the cold dark night  
I will be your guiding light  
On and on and on and on  
I will be your super hero

On and on and on and on

I will be your super hero  
On and on and on and on  
I will be your super hero  
And if you're lost in the cold dark night  
I will be your guiding light  
On and on and on and on  
Super hero
