

Untouchable

Atreyu

Watch out
Or you won't even see me coming
Hands up
I'm aiming high
Not missing nothing
Sit down
Before you end up starting something

They don't know what they can't see
And they don't know bout you and me
They all live in misery
Oh no
But we don't

We're untouchable
We're untouchable
We're untouchable
We're untouchable

Watch out
Now that I've got your attention
Hands up
I'm stealing moments of perfection
Sit down
So come and witness my ascension

They don't know what they can't see
And they don't know bout you and me
They all live in misery
Oh no
But we don't

We're untouchable
We're untouchable
We're untouchable
We're untouchable

They don't know what they can't see
And they don't know bout you and me
They all live in misery
Oh no
But we don't

We're untouchable
We're untouchable
We're untouchable
We're untouchable
